Yongquan Point (KI1):

Yongquan (KI1) is one of the commonly used acupoints on the Kidney Meridian of Foot-Shaoyin. It is primarily used for treating lung system diseases, difficulty in defecation, difficulty in urination, and running piglet qi.

Location:

Located on the sole of the foot, in the depression when the foot is curled, approximately at the junction of the anterior 1/3 and posterior 2/3 of the line connecting the web margin between the 2nd and 3rd toes and the heel.

Meridian:

Kidney Meridian of Foot-Shaoyin

Moxibustion Effects:

Primarily treats lung system diseases, difficulty in defecation, difficulty in urination.

Moxibustion Method:

Suspended Moxibustion: After lighting the moxa stick, apply moxibustion about 2-3 cm above the Yongquan point. It is best to avoid a burning sensation. Generally, apply moxibustion to each Yongquan point for 5-10 minutes. Apply every other day.
